INTERNSHIP EXPERIENCE

ZA Bank Limited, Hong Kong, China

06/2026-Present

Intern, Investment Team, Wealth Management Department

- **Product Requirements & Prototyping:** Drafted and iterated PRDs and Figma prototypes for investment-related features, including stock-search ranking, market labels and quote display, OCR-based address-proof review, and stock-transfer workflows.
- **Brokerage & Product Research:** Benchmarked Hong Kong and U.S. brokerage platforms across ETFs, IPO services, fees, fixed-income products, market news, AI tools, and transfer processes, translating findings into product enhancement recommendations.
- **Investment Content:** Created customer-facing Feed content and ETF comparison materials covering portfolio holdings, performance, fees, risk, and peer products to improve investors' understanding and decision-making.
- **Cross-functional Delivery:** Supported requirement reviews with business, technology, operations, and other stakeholders; refined business rules and prototypes, followed up on implementation details, and evaluated market-news vendors and content coverage.
- **AI Product Exploration:** Developed proposals for an AI market-intelligence bot and a screenshot-based dashboard assistant to summarize user feedback, competitor updates, market trends, and key business metrics.

The Faculty of Finance, City University of Macau, Macau, China

09/2023-06/2024

Teaching Assistant of Financial Management

- **Academic Support:** Graded assignments, quizzes, and examinations while maintaining consistency and fairness, and organized student feedback on course content and teaching methods.
- **Tutorial Delivery:** Explained core finance concepts through review sessions and Q&A tutorials, including time value of money, financial ratios, and budgeting.

Shanghai Chinasoft-International Huateng (Shanghai) Software Systems Co., Ltd., Foshan, China

07/2023-08/2023
